Three Straight Win By Warriors.
Westerly No. 2 Defeated—Westerly No. 1 Wins Three at New London—Aberg Makes Potato Race Record at Y. M. C. A.

The Norwich Warriors were rolling in the form Monday night in their game in Westerly against the Westerly team No. 2, giving the duckpin experts from the Row the match by three straight games. Westerly was most dangerous in the first string, but Murphy's high single of the match, 116, with Gleason's 102, sunk their ship at the outset and they were unable to come up to the mark again. Leaman put down 200 for the best three string total of the evening. The scores:

FINANCIAL AND COMMERCIAL.

MARKET STRONGER
Rise in Reading Exerts Influence on Whole List.

New York, March 1.—Extensive covering of short contracts was the accepted cause for much of the strength in the stock market today. This was notably the case in Reading, in which there has come to be a continuing speculation based on assumptions of the forthcoming decision of the supreme court in the coal roads case. As Monday is decision day with that court, the bears bought heavily of Reading before the court convened, to reduce their very extensive short lines in the stock. The result was a five point rise in Reading, bringing it to within two points of the level from which last Tuesday's 10-1-2 downward plunge was made. The buying of this stock was not accompanied by any alleged information that the supreme court would decide in favor of the railroads. This fact was indicative of the professional character of the buying to cover shorts. The speculative covering of shorts in Reading ceased when the court had convened and it became known that no decision in this case would be handed down today. While the rise in Reading constituted an important sympathetic influence on the whole list, the firm tone was extended beyond the reaction in Reading. There was no important selling of stocks at any time to serve as an obstacle to rising prices, making the buying that much more effective. An effective factor in sustaining the market was the due to the insistent reports of some large sales of refined copper for export, which had been effected, and assurances that specifications now in hand promised early sales of yet larger amounts for forward delivery. These sales, it was also alleged, were being closed at prices above those of recent

up his five for a game in New London next Saturday night against the Halloway basketball shooters. Captain Donohue will have the strongest lineup possible and will undoubtedly give the New London boys a tight rub.
The Independents would also like to get a game this week Wednesday or Thursday evening to settle the rubber with the Mighty Five of the local association. Each has won a game and this one will settle the question of supremacy.

COLLINS MEETS ABE AGAIN.
Wrestlers Matched for Finish Go in Westerly Wednesday.

It is with considerable interest that the sports of Westerly look forward to the wrestling match between Abe Collins and Bill Collins of Central Village Wednesday night, which is to go to a finish if it takes all night. The men wrestled once before for one hour to a draw and as both are confident of winning there is sure to be a hard struggle. The match will be catch as catch can style at each weight. Abe is a big favorite in Westerly and is looked upon as the winner, as he told his admirers he is going to make short work of it, being in fine shape from hard training. Collins is strong and has all the cleverness and will probably give the Newbury a big surprise.

Former Norwich Manager Just Misses Taking Possession of Lowell Team.
Lowell, Mass., March 1.—The Count Frederigo "Doc" just missed coming to Lowell as owner of the Lowell baseball franchise. The team was to be sold to him for the purchase of the team, and just when things seemed to be breaking O. K. for the transfer the majority stockholders decided to give Al Winn another chance.

Doc is a hustler in baseball and is one of the most picturesque figures in the sport has produced. He has always been a "card" on the New England circuit while a member of the league.
Starting out with Lewiston when the present New England league was organized, Doc jumped over to Lewiston and later transferred his baseball affections to New Bedford. Giving up that city at a profitable sum, Doc invested in Worcester stock, and subsequently acquired an interest in the Providence team of the Eastern league. He is reported to be worth about \$50,000.

Will Fight Johnson If—
Chicago, March 1.—"I will fight Jack Johnson for the heavyweight championship of the world if I am able to get into condition to do myself justice," said James J. Jeffries, who was in Chicago today on his way to New York. "The report that I said that I would fight Johnson as soon as I finished my vaudeville engagement is not true," he continued. "I must have more time to analyze my condition before I will make any definite plans."

DETROIT STRONGER THAN EVER.
Forecast on American League Season—Boston Felt to Be Weak.

American league fans look forward to another strenuous campaign for the pennant, with a race too open to select the winner before the final weeks of the season.
The same four clubs that finished in the first division last year are touted for it again, with its uncertain team of young blood, handicapped by an untimely manager.
No definite idea of the probable lineup of the White Sox can be provided until the leadership is determined, as it is natural for Freely's manager, Detroit, Mich.—The Tigers are believed to be far stronger than they ever were.
For the outfield Detroit's challenge still is, "Show us one to equal it." One thing that makes Detroit's infield stronger is that when a man is hurt

Three events were held during the evening, as part of their competitive series, resulting in the following teams standing in total points up to date: Rustlers 274.5, Hustlers 272.5, Tusslers 248.9.

The individual leaders and team scores in the events are as follows: Shot put, Aberg 30 feet. Desjardines 29.9 feet. Read 28.1 feet. Rustlers 408 points, Hustlers 398, Tusslers 357.

Three potato races were held: Rustlers 24.1 feet, Vaillin 23.3 feet, Carron 23.1 feet. Rustlers 452.5 points, Hustlers 400, Tusslers 350.

SHAVE IN TWELVE SECONDS.
English Barber Can Shave Six Alive in 1 Minute, 23 Seconds.

Robert Hardie is the quick shaving champion of England, says Aubrey Gentry in the Strand magazine. Mr. Hardie's record of shaving five men in 1 minute 15 seconds stood for some years. Mr. Hardie is a little man, but of the razor thought he would try for new and better times, so he managed to shave six men in 1 minute 23 seconds. GOOD MARKET FOR YOUNGSTERS
Average Price of 64 Trotters at New York Sale Was \$500.

The horse auction in New York, which lasted ten days, during which time approximately 1,000 trotting bred nags of various degrees of excellence were disposed of, demonstrated by the prices obtained, that the market for harness horses, especially of the young and untried sort, was better than now. This is the opinion of Henry Ten Eyck White. A striking illustration of this fact was given when the Walnut Hall farm consignment, mostly two year olds, was offered. Sixty-four foals of that age were offered and the average price obtained was a shade under \$500. Last year the same farm sold 64 head at an average of \$410. In the 1908 consignment was the sensational Harvester, which brought \$9,000, while this year the top bidder was a colt by Walnut Hall, 2:05 1-4, dam Perano, 2:05 1-2. The superior breeding of Perano and Walnut Hall, in addition to being a fast horse at maturity, was a colt trotter of the highest class, winning the two year old division of the Kentucky Futurity and in his three year old form forcing Peter Stirling to do a mile in 2:11 1-2, best time in the world. The colt is called Royal Hall and he was bought by John M. Madden for \$8,500. Harvester Girl, a full sister to The Harvester, brought \$1,400, and Native Belle, full sister to the fast colt. The Native, went for \$2,225. When more than three-score two year olds, not one of the lot being broken to harness, average \$500 at public vendue, the demand for untried harnesses certainly is strong.

HARNESS NOTES.
A fine lot of fast trotting mares are being engaged to the Maple Lawn farm's stallion, Trampstead, 2:12 1-4.

and The Exponent, son of Bingen, Pearl Hal, 2:09 3-4, by Brown Hal, Jr., 2:10 1-4, will be bred to Argot White, 2:14 1-4. The mare showed 2:04 last August and is out of Jessie McEwen, 2:12 1-4, by McEwen.
The two year old filly Moelle, by Macbel, 2:10 1-4, dam by Alcyon, in Jacob Simmons' charge at the Point Breeze track, Philadelphia, is touted as a good thing. It is said that she can stop better than a 2:30 clip now.
Charley Kenyon may train at West Liberty, Ia., again this season, and it's not unlikely that the good trotter Kenyon, 2:11 3-4, which he marked at the late Dallas meeting, will be in his stable again the coming season.

Wendy, a yearling filly in Ray Warner's charge at Colliwater, Mich., is said to be fast. She is by Music Master, a son of Moko, and her dam is Miss Victoria, by Peter the Great, 2:07 3-4.

By Cecilia, 2:22, out of a full sister to Ida Highwood, 2:09 1-4, to wagon, is the breeding of a promising three year old that John Rowe, the Chicago trainer, is working on now, with considerable progress.

One of the best sons of the Ohio sire, Sir Alcantara, 2:05 1-4, is the gray pacing stallion Sir Albert, 2:19 1-4, owned by Shirley Foster of Hudson, Mich. He had dam a son of the second and second dam by Star Hambletonian.

Dick McMahon is loading up to exceed even his past performances. He brings two great pacers from California with him in Aerolite, 2:00, and on. Wilkes, 2:01 1-4. Both of these are out of the same mare and should beat their records.

Trainer Ben White has shifted the Abbe, 2:10 1-2, to a pace. The Abbe was laid up as a 4 year old, and when he was placed in training again last year as a 5 year old he did not come up to expectations. After much fussing with him in an endeavor to get him to going, White let up on him. This year he shifted the weight, and Ben says that the horse is now one of the slickest going pacers he ever saw. The Abbe will probably be staked where it is possible to make him on the half mile tracks, as that is where he will be raced this year.

ENDS CO-EDUCATION.
Wesleyan Trustees Decide Against the Present System.

Co-education at Wesleyan university in Middletown, Conn., has been voted down by the trustees of the university Friday. After the young women who now are students of the university have been graduated none of the students of either sex will be admitted. The trustees will devote their attention to establishing a separate college for women.

This decision was reached by the trustees at a meeting held in the rooms of the Methodist board of foreign missions, No. 150 Fifth avenue, New York, recently. It is thirty years since the first undergraduate women were admitted to the university, and their number was increased to one-fifth of the entire undergraduate body. The meeting was called to decide the question of co-education and also to determine whether or not dancing may be held in the university gymnasium at the junior class prom next May.

No Snow, No Pay.
At Winsted, Zeb Holroyd of Bushy Hill, near Woodbury, had bought a new sleigh on the installment plan. Every time it snows he is to make a payment on it. There have been two snows since he bought the sleigh, costing \$20, and as he pays only \$1 for a snow storm, he figures he will be able to draw at least seven months' interest on the other fellow's money.

FOR Sour Stomach AND Belching YOU SHOULD TAKE Kodol

These symptoms result from indigestion and dyspepsia—brought on by improper eating. If you will merely take a little Kodol, now and then, you can eat what you want—and you will not have any digestive trouble. Kodol digests your food as soon as it reaches your stomach. It does this because it contains every element essential to proper food digestion. Thus you see that Kodol merely duplicates Nature's process, in your stomach, when your stomach, through over-loading or ill-treatment of one sort or another, is unable to do its own work as Nature intended. This is why Kodol is such a good preparation, for anyone who has any digestive trouble, or is likely to have—as most of us are.

Our Guarantee. Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate: any druggist will sell you Kodol on these terms. The dollar bottle contains 24 times as much as the 4c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.
